

## LINOLEUMS

are going up, but our prices remain the same!

Burlap—the foundation of linoleum—is advancing steadily in price, and higher prices for material compel higher prices for the manufactured product. Despite this fact, we have not advanced our retail valuations, but after our present stock is gone we shall have to, because our next purchase will entail heavier cost.

Crackless, chipless. No joints to collect dirt. Noiseless, elastic. Easily cleaned with water and soap. Enduring. The inlaid tile effects we show—and the colorings—are most attractive. If you delay that intended purchase you'll certainly have to pay a full third more.

Printed Linoleums, 55c and 65c per square yard. A very special for a few days in a dozen or more patterns at 45c per square yard.

## Latest Styles in Buffets

We have a particularly handsome collection of Buffets this season. The manufacturers have certainly turned out some beautiful productions. The very "cream" of the new styles are here—ready for your inspection. All priced as low as good store-keeping will allow.

The 1915 season for honey making has been one of the best in a good many years according to the report of H. W. Scott of 10 Richardson street, who conducts the apiary between this city and Montpelier. Mr. Scott estimates that from the 40 swarms of bees he has taken in the vicinity of 3,000 pounds of honey. This would average about 75 pounds to the hive; but in some cases one swarm has made over 100 pounds. It is rather remarkable that in spite of the cool summer they have gathered such a large crop. Not only is the quantity great but the quality of this year's honey is excellent.

A touring car carrying the registry number 10,806 and owned and driven by James Gow ran into the rear end of a delivery truck operated by the N. D. Phelps Co. Monday afternoon. A load of pipes, the ends of which protruded through the rear end of the truck for a few feet, prevented the two machines from coming in direct contact with each other; but the presence of the pipping in the heavier car wrought havoc with the touring machine. The radiator was jammed back under the hood of the engine and for present practical purposes the car is out of commission. No one was injured as both cars were proceeding slowly at the time.

How many of you, readers of the Barre Daily Times, have ever been within "the sacred precincts" of Goddard seminary? Of those of you who have, how many would like to go again to a jollification there? Of those who have not, how many would like the opportunity to do so? For all those desiring such an opportunity there will be no time better than Tuesday evening, Nov. 9, for then the girls of Goddard seminary are planning to have a seven-cent fair, for which they have all been working for several weeks. The admission will be seven cents only, and not even that in all cases, for every seventh person will be admitted free. This is all we are going to tell you at this time, but we are asking you please to do three things—save your money for this occasion, read to-morrow's paper and be present Tuesday evening.—adv.

# Christmas Handkerchiefs

## Handkerchiefs

### Marshall Field's Handkerchiefs

This means selected from the largest line of Imported Handkerchiefs in this country and while the market is very short. These were bought last spring and will open up to our trade better than our last season's line, and that is saying quite a lot.

All Linen Hemstitched Handkerchiefs at 5c each.

You should see our line of fine Handkerchiefs, three in a box, to brodered corners, to sell for 5c.

Our line of Embroidered Shamrock Lawn Handkerchiefs that we are selling at 10c is far better than our last season's 12½c value.

We make a specialty of Box Handkerchiefs, three in a box, to sell at 15c, 25c, 50c and \$1.00 per box. We had just about one-half enough last season. This season we are going to try to take care of the demand.

Our Hand-embroidered Irish Linen Handkerchiefs are the talk of the town. No other importer is in it with Marshall Field & Co.'s.

### New Dress Goods

There is a large demand for goods heavy enough for ladies' suits. Gabardines are one of the best. Navies are very scarce, also Drak Green, on account of imported dyes. Ladies want these two colors. We have just received these two colors.

Shrunk Serges are in great demand and colors wanted that are hard to get. We bought in July nearly enough to carry us in to January 1. The price in that time has increased 7½c per yard on the 7½c grade. We are still making the same price as before, 75c.

New Silk in wide Black and White Stripes for waists are considered very well. These are new and come yard wide in a soft finish very heavy silk at \$1.25 per yard.

New Stripes and Checks in yard-wide Messalines and Taffetas that are very new and very scarce. We are showing an extra value in a yard-wide Plain Taffeta in all colors at \$1.25 per yard. Compare with any \$1.50 Taffeta, same width.

Remember, we parcel post free and give very quick service.

### Ladies' Furs and Fur Sets

This is the kind of weather that brings to our minds the need of Furs of all kinds, and those who want Furs will do well to buy them early, as the fur market is in the worst shape it has been for years. The Furs we have on hand we will sell at prices as cheap as we have sold them for many seasons, but when we come to duplicate on same, the prices will be at an advance of from 25 to 40 per cent. This is due to the scarcity of import Furs and the import dye situation. Many Furs we cannot duplicate at all, this early in the season.

We can give you the regulation size Muff at prices from \$2.00 to \$3.00 each. These are Muffs that are made from all the popular Furs in qualities that we guarantee as to service. We can give you the small Furs to match any of these Muffs at prices that are right.

### Ladies' Bath Robes

We are now ready to help you out on your Bath Robe proposition, and the weather is here bringing to our minds the need of warmer clothes. Our Bath Robes are made from the Beacon Falls Robe materials, and the qualities and coloring are the best we have seen.

At \$2.00 we have a Bath Robe that is one of the best values for the money we ever put out. Robe is made from a good heavy Beacon Bath Robe material, and the colorings are very good.

At \$2.50 are some very good Robes that come in all the good colors and are made in a good full style that is well finished.

At \$3.00 we will give you a Bath Robe that is made from a heavy Beacon Blanket; is made in a good style, finished with ribbon.

At from \$3.50 to \$6.00 is a variety of different Bath Robe models; are made from the heavy Beacon Falls Blanket Robes and finished with satin ribbon. These are Robes that are made by one of the best Bath Robe manufacturers in New York and will interest any who want a good Bath Robe value.

When in our garment department do not forget to look over our stock of Ready-Made Millinery—here you will find one of the largest displays of up-to-date Hats to be found anywhere in this section. See the new White Hats for early winter wear. We are receiving now by nearly every express new Hat Shapes. See our display of Children's Velvet and Plush Hats. Here you will find anything you may be looking for at prices that are right.

Milne of this city was towed to the Kennedy garage on Depot square last night to receive repairs to damages incurred when the machine struck a ledge on the Montpelier road near the car barns of the B. & M. T. & P. Co. Monday evening. It is said that one of the radius rods in the car broke in such a way as to render the steering gear well-nigh useless, with the result that the driver was powerless to prevent it from going into the ledge. The front axle and one of the wheels were damaged. Mr. Milne, who was alone in the car, was driving slowly when the accident occurred.

South Main street and Williamstown west hill property figured in a \$6,200 real estate deal consummated through the home office of the D. A. Perry Real Estate agency yesterday and recorded today. In the transaction the farm in Berne, owned by Mrs. Charles Blanchard and known as the Merton Cheney place is sold to Mr. and Mrs. Joseph Gauthier, whose home at the lower end of South Main street near Quarry street becomes the property of Mrs. Blanchard. There are 123 acres of land in the Berne property and the purchasers acquire only the real estate. They will not move to their new possessions until next spring. Mrs. Blanchard takes over the South Main street house for an investment.
